HIGHLIGHTS OF QUALIFICATIONS

- 2nd-year Computer Science student proficient in full-stack web development using ReactJS, NextJS, and NodeJS.
- Demonstrated technical experience developing STEM curriculum and simulations during co-op at Wiz Robotics.
- Strong collaboration skills developed through working in dynamic team environments at retail and community centre.
- Proven ability to manage time effectively, balancing full-time studies with part-time employment and volunteer commitments.
- Dedicated to continuous learning, consistently adapting to new codebases and workflows

EDUCATION

York University, Expected **April 2028**

Bachelor of Applied Science (B.A.Sc), Computer Science for Software Development - Lassonde

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, HTML, CSS, Java, C
- **Frameworks & Libraries:** ReactJS, NextJS, NodeJS
- **Tools & Platforms:** Git, Firebase

TECHNICAL PROJECTS

[Java Banking Application Project](#), **Final Grade: A**

- Designed a modular banking system using Object-Oriented Programming principles (inheritance, polymorphism) to manage user accounts and transactions.
- Designed comprehensive documentation and utilized JUnit for testing to ensure code reliability and maintainability.
- Implemented secure data handling practices to simulate real-world financial transaction processing.

[www.timerpomo.web.app](#) | *ReactJS, Firebase, CSS*

- Developed a full-stack Pomodoro application with real-time data handling via Firebase and custom state management logic.

PROFESSIONAL EXPERIENCE

LACTALIS CANADA | *Data Control Administrator Intern* | *Toronto, ON*

May 2026 – Present

- **Data Integrity:** Manages enterprise database accuracy via SAP, overseeing master data generation, bulk uploads, and pricing updates across complex datasets.
- **Governance & Auditing:** Upholds data standards by conducting regular quality checks to resolve record discrepancies and omissions before system integration.
- **Process Automation:** Develops GUI-based Python tools to streamline the parsing and visual reporting of large-scale Excel files for administrative teams.
- **Strategic Collaboration:** Partners with cross-functional interns to prototype a secure, role-based portal for monitoring real-time logistics and shipments.

MATCHA MATCHA | *Barista* | *Toronto, ON*

Sep 2025 - Present

- Delivers high-quality service in a fast-paced environment while collaborating with management to brainstorm and execute social media campaigns to increase brand engagement.
- Balances daily cafe operations with brand ambassador role; provides creative input to digital marketing pursuits to strengthen community presence and visual identity.

Wiz Robotics | *Curriculum Developer* | *Markham, ON*

Oct 2022 – Aug 2023 (Co-op)/Jan 2026 - Mar 2026

- **Web Development:** Builds interactive STEM lessons using **ReactJS** and **HTML/CSS**, refactoring legacy code to optimize user experience for students aged 10-16
- **Curriculum Design:** Analyzes academic publications to create dynamic learning modules, integrating PhET simulations to visualize complex concepts.
- **Collaboration:** Partners with management to review technical content and adapts quickly to the company's internal codebase and Git workflow..

VOLUNTEER EXPERIENCE

St. Joseph the Worker Parish | *Street Patrol Volunteer* | *Thornhill, ON*

- Packed and distributed food and supplies for the homeless community in Downtown Toronto, demonstrating strong community service and empathy.
